Dear Name:

To create your own letterhead template:

- 1) Insert your company name and address in the area provided at the top of this page.
- 2) Choose File Save As. At the bottom of the Save as dialog box, select Document Template (*.dot) for the Save as type.

To create a new document from your newly saved template, select File New and re-open your template as a document. (Your company information should now appear in place.)

For a letter that is two or more pages long, choose Header and Footer from the View menu. With the second page header active, change or delete text as needed, and click Close to exit.
